I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I  
OBJECT to the definition of "inordinate amount" which restricts the availability and  
the right to obtain necessary compounded medications by limiting the number of  
prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

Comments: This service is critical for people like  
me who have no compounding pharmacies near us.

I literally cannot take pills or capsules due to  
severe allergies to the fillers, preservatives, & colors added to  
them. <sup>(sugars, starches)</sup>  
Therefore the only way my body can accept the  
Thyroxine it needs to keep me alive is to take it transdermally,  
or by absorbing it through my skin. The large —→ OVER
